16,000 SF

- Selected early in design development to provide pre-construction services for the construction of this community life center.
- The center is complete with a full court gymnasium, a meeting room to accommodate 150 people, a large gathering space, and a full service commercial kitchen.
- Worked extensively with church and design team to meet the architectural and operational needs of the congregation and to deliver a quality building for the budget.
- Tilt-up concrete, structural steel construction.
