Scott King, Owner Rep
Continental
(803) 795-5280

ARCHITECT

Valerie Hite
SSOE Group
(419) 255-3830

COMPLETION DATE

August 2013

SIZE

1 Million SF

- The new plant spans 1 million square feet and 330 acres and is comprised of multiple buildings.
- For the job, the team constructed buildings on a Greenfield site that houses Continental's central media, raw material warehouse, mixing operations, plant production and annex offices, a finished goods warehouse and conveyor, powerhouse, fire pumphouse and storage tanks, scrap storage building, canteen, and two security guardhouses.
- The team also installed all of the buildings' mechanical and electrical utility equipment systems and managed installation of all site infrastructure.
- Tire production began in late October 2013, three (3) months ahead of schedule. The canteen was completed March 2014.
- Project was completed through a joint-venture with Walbridge.
