**COMPLETION DATE**

April 2009

**SIZE**

30,000 SF

- New public safety building houses both police and fire department headquarters.
- Three-story facility includes a garage/high bay space, offices and command centers, and living quarters for the firemen.
- The center of the building provides civilian reception and interface. Various training tools have been incorporated into the building on all floors.
- The facility retained 102 parking spaces, with additional parking located beneath the building.
- Constructed on deep pile foundations, designed to withstand forces that exceed a Category 3 hurricane and is flood proof up to 17 feet. There are also options for solar powered hot water, permeable parking surfaces and rainwater collection.
